Dear Central Primary School Parents and Guardians,

As we move into the final quarter of the school year, I wanted to take a moment to address some concerns regarding student behaviors that have been observed recently. We know with weather changes and anticipated upcoming school breaks, student behaviors can change. As such, it is crucial that we work together to ensure a safe and productive learning environment for all students.

At Central Primary, we strive to maintain a positive and respectful atmosphere conducive to learning. However, we have noticed an increase in both minor and major behaviors that disrupt the learning process and pose safety challenges. These behaviors, such as name-calling, playing in restrooms, non-compliance with staff directives, and ongoing behaviors that disrupt teaching, are not acceptable and warrant consequences.

I urge you to have a conversation with your child about the expectations for behavior both inside and outside of school. Reinforcing positive behaviors at home will greatly support our efforts to create a respectful school community. Additionally, please be willing to collaborate with your child's teacher if any behavioral concerns arise. Your involvement and support are invaluable in helping your child succeed academically and socially.

For reference, please consult the Student Behavior Matrix provided at the beginning of the school year, which can be found in our Student Handbook. This resource outlines our expectations for student conduct and the corresponding consequences for various behaviors.

I want to express my gratitude to all of our families for your ongoing support and partnership. By working together, I am confident that we can address these challenges and make the remainder of the school year a successful one for all students.

Thank you for your attention to this matter.

Warm regards,

Jena Arambula
